(d) This subsection applies to a public agency that is not a state agency. The fiscal body (as defined in IC 36-1-2-6) of the public agency, or the governing body, if there is no fiscal body, shall establish a fee schedule for the certification or copying of documents. The fee for certification of documents may not exceed five dollars (\$5) per document. The fee for copying documents may not exceed the greater of:

- (1) ten cents (\$0.10) per page for copies that are not color copies or twenty-five cents (\$0.25) per page for color copies; or
- (2) the actual cost to the agency of copying the document.

As used in this subsection, "actual cost" means the cost of paper and the per-page cost for use of copying or facsimile equipment and does not include labor costs or overhead costs. A fee established under this subsection must be uniform throughout the public agency and uniform to all purchasers.

(e) If:

- (1) a person is entitled to a copy of a public record under this chapter; and
- (2) the public agency which is in possession of the record has reasonable access to a machine capable of reproducing the public record;

the public agency must provide at least one (1) copy of the public record to the person. However, if a public agency does not have reasonable access to a machine capable of reproducing the record or if the person cannot reproduce the record by use of enhanced access under section 3.5 of this chapter, the person is only entitled to inspect and manually transcribe the record. A public agency may require that the payment for copying costs be made in advance.

(f) Notwithstanding subsection (b), (c), (d), (g), (h), or (i), a public agency shall collect any certification, copying, facsimile machine transmission, or search fee that is specified by statute or is ordered by a court.

(g) Except as provided by subsection (h), for providing a duplicate of a computer tape, computer disc, microfilm, or similar or analogous record system containing information owned by the public agency or entrusted to it, a public agency may charge a fee, uniform to all purchasers, that does not exceed the sum of the following:

- (1) The agency's direct cost of supplying the information in that form.
- (2) The standard cost for selling the same information to the public in the form of a publication if the agency has published the information and made the publication available for sale.
